COVID-19 UPDATE

September 25, 2020

We appreciate all of the support, prayers, and offers of help that we've received. To keep you up-to-date on our efforts to keep NRC residents and staff safe, we will send out this update as things change in our community:

- **Our COVID-19 Situation:** As of today, the total number of positive test results among staff is two, as reported last week. We have no new positive cases of COVID-19 to report among staff or residents across campus at this time.
- **Routine Testing:** We continue to follow testing requirements as mandated by the Centers for Medicare and Medicaid Services. All results from this week of testing among staff and residents of the Care Center and Cannon Valley Suites are negative. The next round of testing for the same group of residents and staff will take place again on Monday, September 28th. Updates will be provided as future testing dates are confirmed.
- **Visitation Update:** You are a key partner in our efforts to keep our community safe. Until further notice, Care Center and Cannon Valley Suites Essential Caregiver appointments as well as Outdoor Visits have been placed on hold. Please keep windows closed during window visits with your loved one in these areas at this time. Care Center beauty shop appointments are postponed and will be rescheduled at a later date. Discussions regarding indoor opportunities for visitation across campus are being held at this time. Watch for updates to come in the near future.

Living SAFER: Help us keep everyone in our community healthy! It is more important than ever that we protect those most at risk, support workers, and all do our part to slow the spread of the virus.

- Wash your hands often with soap and water for at least 20 seconds
- Avoid touching your face, nose, and eyes
- Maintain social distance
- Wear a mask
- Stay within your living space as much as possible
- Spending time outdoors is encouraged as long as 6 feet of distance from others is maintained
